The antique people are down in the dungeons

Run by machines and afraid of the tax

Their heads in the grave and their hands on their eyes

Hauling their hearts around circular tracks

Pretending forever their masquerade towers

Are not really riddled with widening cracks ...

... And I wave goodbye to iron

And smile hello to the air.

The velocity addicts explode on the highways

Ignoring the journey and moving so fast

Their nerves fall apart and they gasp but can't breathe

They run from the cops of the skeleton past

Petrified by tradition in a nightmare they stagger

Into nowhere at all and then look up aghast . . .

And I wave goodbye to speed

And smile hello to a rose

The king and the queen in their castle of billboards

Slipwalk down the hallway of the hotel

All their possessions and transient treasures

As they go to worship the electron

On which is playing the late late commercial

In that Holiest of holies the opulent boudoir

— And I wave goodbye to Mammon

And smile hello to a stream

The vaudeville generals cavort on the stage

And shatter their audience with submachine guns

And Freedom and Violence the acrobat clowns

Do a balancing act on the graves of our sons

While the tapdancing Emperor sings "War is peace"

And Love the Magician disappears in the fun ...

... And I wave goodbye to murder

And smile hello to the rain

And I wave goodbye to America

And smile hello to the world.

JOHN DAVIDSON

Dear Students of Aurora Central High:

I had a very difficult time choosing Mr. & Miss Borealis as all the contestants were very good looking and it is quite hard to select a person on looks alone. I do hope you will be happy with my choices.

I extend my warmest congratulations to each and everyone of you and wish you all the best of everything as you go through life.

Thank you for selecting me to judge your contest. I am most honored.

Respectfully —  
John Davidson

## Principal

Mr. John W. Messervey

Dear Fellow Trojans,

School is the life of 'Never a Dull Moment.' This is the way it should be because it is a place where each expresses his own individualism as he proceeds through the learning process. School is work, study, and worry, it is also a place of fun, activity, and friendship.

The role of young people in a highly technical and fast moving world is changing. Students are accepting the responsibilities and challenges of this new world asking that their voice be heard. It is my sincere hope that the staff at Central High School has been able to contribute to your education in a meaningful way increasing ability to make critical judgments and decisions, and increasing your desire to contribute to society those things which will improve what we now have.

It has been a great pleasure for me to have been associated with you. Best of luck in everything you do in your future and as you reminisce through this year-book, may each of your memories be pleasant.

Very sincerely,

  
John W. Messervey

Delice June Elliott

The Lord is my shepherd: I shall not want.  
He maketh me to lie down in green pastures:  
He leadeth me beside the still waters.  
He restoreth my soul: he leadeth me in the  
paths of righteousness for his name's sake.  
Yea, though I walk through the valley of the  
shadow of death,  
I will fear no evil:  
For thou art with me:  
Thy rod and thy staff they comfort me.  
Thou preparest a table before me in the presence  
of mine enemies.  
Thou anointest my head with oil;  
My cup runneth over.  
Surely goodness and mercy shall follow me  
all the days of my life:  
And I will dwell in the house of the Lord  
forever.

23rd Psalm
